

ARE YOU IN INSECURE WORK?

Are you facing low pay, few rights, insecure hours - or even redundancy?

Come and join the Key Workers' Summit in the South West!

All Key Workers welcome - from health, care, retail, education, hospitality and food production.

Join us to start organising across workplaces and fight back!

This is the fourth online meeting organised by trades union councils across the South West. It's a chance for Key Workers to share the issues they face at work and ways to tackle them.
